## Citizens Rush Registrat'n Booth Mon., First Day

### Registration Echoes . . . .

By Chas. F. Laine

During the past three days the usual greeting has been "Have you registered yet?" But I guess we are all "Registered Stock" by now.

Throughout this same period the Masonic Hall has presented a rather different appearance than on many occasions, for though there were many Card Tables and an abundance of Cards, there were no Bridge players in evidence. Perhaps just as well seeing there were two Preachers sitting at the tables, Eh?

After the first day there was no particular rush of registration and so the workers were able to exchange many pleasantries and chats in between times. When one of the workers arrived during a particularly quiet period, he was greeted with the remark "There's bound to be a 'flood' now that you are here." Only three guesses are allowed as to who that arriving assistant deputy could have been.

One lady registrant some years past the middle age who was visiting in Bassano from an out side district, registered her age with the triumphant exclamation "There now, those folks out there won't find out my age after all, they've been trying for a long time to do so."

Another registrant when asked the number of years he had worked on a farm gave the same answer as he had stated for his age. Must have got an early start emptying milk bottles, Eh?

The philosophy of an elderly Dutchman working alone on a farm some distance from town was as amusing as it was true. When asked if he had any dependents he said, "There's just me and the dog." When it was suggested he didn't have much company, he replied, "No, but my dog's the best kind, he eats what I cook and doesn't say there isn't enough salt in it." Maybe man's best friend isn't such a 'dumb' animal after all.

Our worthy Bank Manager was one of the assistant Registration Deputies, and though he signed his name quite a number of times, we understand on good authority that not one of his Cards was marked N.S.F.

The suggestion voiced by some of the workers that the lady demonstrator who was handing out cups of tea at the James Johnston Store should be asked to 'demonstrate' at the Masonic Hall was heartily approved, but somehow Alas, it didn't materialize. How true that—"There's many a slip, twixt the cup and the lip." My, My, Yes.

Well, so long, till next Registration, and even if there is "some other occupation you would like to be trained for," make the most of your present job in the meantime anyway.

Cheerio!

Article No. 8 refers to genial I. G. Flood, assistant manager of the local bank.

### Approximately 700 Register At Bassano

Registrations at the close of the registration periods on Monday evening totalled 594. On Tuesday 68 persons called at the booth in the Masonic Hall, and registrars had a very easy day. On Wednesday, the few remaining people of the District who had not registered earlier hastened to the booths, and by noon 21 persons had filled out their cards. Registration for Wednesday totalled 35 when the office closed down at 10 p.m. Thus total registration at Bassano numbered 697. A number of citizens of the Gem District, a section of which was included in the Bassano Division, reported that they registered at the Gem Booths, this being much more convenient and causing less confusion for them.

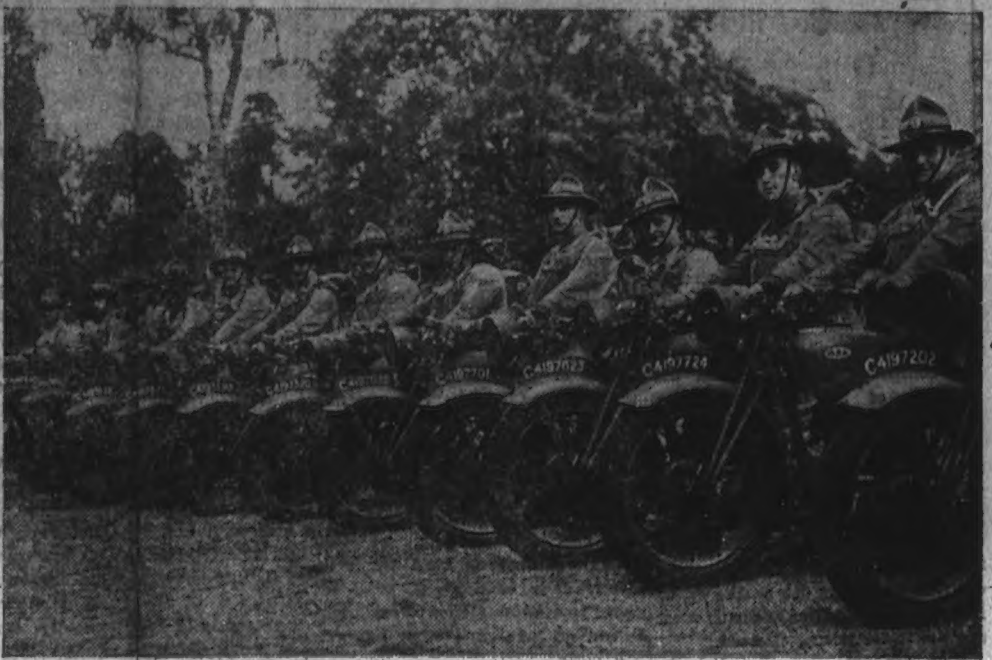

The Deputy Registrars, Mr. R. H. Struthers and Mr. E. L. Skerritt, of Electoral District No. 222 Medicine Hat and Bassano Polling Division 116—Express their sincere thanks to the Voluntary Assistant Deputy Registrars, and all others who offered to assist in the Registration on the 19th, 20th and 21st, August. Also the Royal Bank for supplies, the Masonic Building Co. for the use of the Hall, and any others who have assisted in making the registration work out so smoothly.

The following persons were sworn in as Voluntary Assistant Deputy Registrars for Bassano:—  
Mr. and Mrs. H. W. Harper.  
Mr. I. G. Flood.  
Miss C. McBeth.  
Mr. R. S. Patterson.  
Mr. Graham Cathro.  
Mrs. Jas. Johnston.  
Mr. Archie S. Johnston.  
Mr. and Mrs. D. Cathro.  
Mr. S. H. Edwards.  
Mr. Frank Meade.  
Mr. M. A. Haynes.  
Mr. E. E. Hartford.  
Mr. Harry Beeber.  
Mr. C. F. Laine.  
Mrs. J. Snape.  
Miss D. Flanagan.  
Miss P. Plumer.  
Miss W. M. Dudding of Saskatoon.

### Local Soldier Reported Injured In 'Blackout'

Word has been received in Bassano that Sgt. James Hamilton, M. M., a resident of Bassano for a number of years before joining the army last September, received a dislocated shoulder and broken arm in a blackout accident in England recently. Hamilton was one of the first men of the district to join the army after the official declaration of war between Canada and Germany was made. Mrs. Hamilton and son Jimmie recently moved to Calgary where they at present are residing.

Citizens of the Bassano district hope that Sgt. Hamilton's injuries were not serious, and that he will be able to resume his duties in the near future.

LINE OF COMMUNICATION—Men of the New Zealand Divisional Signals—more of the Empire's troops now gathered in Britain—line up with motor cycles during training as dispatch riders.

### TEACHERS FOR E.I.D. DIVISION ANNOUNCED

The following teachers have been appointed to schools in the E. I. D. School Division No. 44 for the 1940-41 term, according to information given to the Recorder this week by Mr. G. E. Smith, Secretary of the Division. The name of the school, name of the teacher, and address appears in the following list:—

Sutherland—Miss N. I. McKenzie, Brooks.  
Lathom—Mr. G. W. Smith, Lathom.  
Clancy—Miss M. V. Hatch, Brooks.  
Clancy—Miss L. Hansen, Brooks.  
West Duchess—Miss Hazel Brown, Duchess.  
Wellman—Miss Constance Day, Duchess.  
Bow Slope H. S.—Miss Grace Capsey, Rainer.  
Bow Slope—Miss Grace Evitt, Rainer.  
Burn Brae—Miss Ruth Sweet, Millicent—Thos. Goldring, Millicent.  
Haddington—Mr. H. Cummins, Patricia.  
Haddington—Miss Irene Doyle, Patricia.  
Kitsim—Mrs. Della Morrill, Rainer.  
Alcoma—Miss M. Grossfield, Rainer.  
Tilley—Mr. C. Flanagan, Tilley.  
Tilley—Miss Mabel Waltermath, Tilley.  
Renfrew—Mr. E. K. Parks, Tilley.  
Renfrew—Miss G. Webber, Tilley.  
E. Renfrew—Mr. F. Paetkau, Tilley.  
Countess—Mr. C. Waller, Countess.  
Sam Howe—Miss Mary McKee, Duchess.  
Bow Bridge—Mr. W. F. Patterson, Eyremore.  
Rothsay—Mr. J. A. Noviski, Tilley.  
One Tree—Mr. Veron Miles, Brooks.  
Bethany—Miss E. Marquess, Tilley.  
Antelope Creek—Miss Ilo Stewart, Cassils.  
Little Rolling Hills—Undecided.  
Little Rolling Hills—Miss K. Viostik.  
Little Rolling Hills—Miss Elinora Taylor.  
Pau—Mr. Henry Paetkau.  
Pau—Mr. H. Epp.  
Princess—Miss M. E. Kelly, Patricia.  
Brooks H. S.—Mr. Wallace R. Hanson.  
E. I. D. School Division No. 44.

### ROYBE TRIAL TO BE HELD NEXT TUESDAY

Preliminary hearing of Frank Roybe, old-time rancher of the Gem District, will take place before Police Magistrate S. H. Edwards in local court on Tuesday morning next, August 27th, at 11 a.m. Roybe is at present being held by R. C. M. P. pending hearing charged with stabbing Jack Morton with a knife during an argument at the Gem Stampede on July 31st. Morton has now recovered from his wounds, and was released from the local hospital early this week.

### FIRST WHEAT DELIVERED FRIDAY

The first load of wheat of the 1940 crop was delivered to the local Pool Elevator on Friday afternoon of last week by Mr. Roy Clines of Bassano. The grain graded a number one, Northern, and weighed sixty-four pounds to the bushel.

Mr. Clines' farm is located about five miles south east of Bassano. He reports that all his crop is practically ready for harvesting, and that his combines are working steady.

### ALLOW THE GRAIN TO RIPEN THOROUGHLY

Combines are being used more extensively each year in Alberta harvest fields. There is always the temptation to start combining before the wheat is mature and dry. This year when the crop is late farmers will find it difficult to delay the combining operations and tough wheat may be the result. It should be clearly understood that it will be difficult to warehouse this wheat in view of the elevator congestion. It is dangerous to place this grain in farm bins because of the possibility of heating.

The safest plan is to keep the combine out of the field until the grain is mature and dry.

—Pool Budget.

### Expresses Appreciation For Parting Gifts

The editor of the Recorder is in receipt of an interesting letter from Andrew "Scotty" Cathro, son of Mr. and Mrs. D. Cathro of Bassano, who recently joined the Calgary Highlanders, and is now stationed in Ontario. In the letter, Private Cathro expresses appreciation to his many friends in Bassano for their parting gifts, given to him when he passed through town recently. The letter reads in part:

"I would be extremely grateful if you would give me two or three lines in your paper to express my gratitude to my many friends who came down to see me go through Saturday night. Thanks very much for all the nice things I received. I didn't have much time to see you all at the station, so I'm taking this opportunity of expressing my gratefulness.

"It is just about time for 'lights out' now, so I must finish. Thank you again very much, and I'll always remember the town where I have lived for the past thirteen years. I hope, in the not too distant future, when our job is done to rejoin my wife and baby, and be back too see you all again."

Your sincerely,  
Pte. Andrew Cathro.

Among the presents that Pte. A. Cathro received was a Rolex Wrist Watch, a parting gift from A. McKee. Andrew had been an employee in the grocery department of McKee's Store for over two years, where he had offered very efficient service, and had gained a host of friends.

Persons wishing the address of Pte. Cathro, or any other man from this district serving with the Active Service Forces, may have these by calling at the Recorder Office.

## COMING SOON!!!

Mr. BRIDGMAN—Photographer from Vancouver, B. C. will be in BASSANO on or about August 27th.

### WAR AND UNEMPLOYMENT

What should be done in a struggle such as this? There is only one way by which we can assure success—throw what we have into the conflict. It involves all the strength of the nation, human, material, and spiritual. This is totalitarian war. We will have reached the zenith of our power when every individual, confident of the righteousness of our cause, moves forward to the defence of freedom, the defeat of autocracy, doing from day to day work, which in its broadest sense, responds most clearly to the national need.

How far are we succeeding in this task? The present situation in regard to unemployment is the answer to that question. We are moving rapidly to full employment and therefore towards a tremendous increase in production. The index of employment in manufacturing, stood at 130.3 in July of this year. This is higher than in any other year in Canadian history. It is nearly fifty points above the level of the depression year, 1933. In that year it stood at 80.7.

We have travelled a long way since the dark days of the depression. The national income is rising. Industry is seeking the worker. We shall be a very busy people during the next few years—but name one man who has ever discovered a nation idle-yet happy!

### TRADE AND WAR

Capacity to produce is affected by our ability to import. Modern industry represents the importation of raw materials which can be produced more cheaply abroad than at home.

It would be folly at a time like this to waste effort by producing in Canada a product which we would obtain more cheaply—that is with less cost in human effort—by producing something else and exchanging it for the things we need.

"Raw Materials" in the sense in which it is here used, means products use in Canadian factories in the production of other products. Steel is a finished product, but it is the raw material of shipyards and a raw material for tanks.

The lack of ability to import—due to the stranglehold of the British Navy, forces Germany and Italy to expand for more labour power in production than either country would be compelled to devote to this purpose under normal conditions.

In war we seek to produce more with less effort. Our blockade of the axis powers compels them to reverse this process to produce less with more effort. The measure of change in this connection is shown by a total increase in our imports in the first six months of this year, of \$157,000,000 the increase in exports was \$145,000,000. The figures for June, the last month available, show an increase of \$34,500,000 in merchandise exports and \$27,000,000 in imports. There was also a substantial increase in exports of non-monetary gold.

Canadian trade, despite war, moves upward and helps to carry the burden of the war. The increased demand for labour led to National Registration—the hope is

### IRRIGATION FARMERS SEE "RED" UNDER 5-BUSHEL QUOTA

Southern Alberta irrigation farmers are in a tough spot.

The five-bushel seeded quota ruling is going to leave them "in the red" so far as harvest expenses are concerned. Figure it this way:

Irrigation wheat is this year running about 30 bushels per acre on the average. The cost of twine will be at least 30 cents per acre. The cost of threshing, at eight cents a bushel, is \$2.40 per acre. That's cash outlay of \$2.70 for these two items alone, to say nothing about labor and other harvesting costs.

The five bushels the farmer may deliver under his permit will bring him about \$2.50 net.

Leaving him 20 cents in the hole, but, of course, with 25 bushels of wheat still in the bin.

Irrigation farmers have brought the matter to the attention of the Board of Trade and asked that representations be made in their behalf. They suggested that a percentage of yield would be more equitable arrangement in their case.—Lethbridge Herald.

### TAX CONSIDERATION WILL BE SHOWN THOSE WHO TAKE CHILD GUESTS

Deductions for Charitable  
Donations Clarified by  
Minister

Hon. J. L. Halsey, Minister of Finance, announced during the week that it is proposed to amend the Income War Tax Law to provide exemptions, to the amount of \$400, for children from the war zones brought to Canada under arrangement through the Government as guests in Canadian homes for the duration of the war. The first contingent of British children is expected to arrive in Canada soon.

Exemptions granted for charitable donations were also clarified by Mr. Halsey in the course of discussions in the House of Commons. Five well-known national organizations, the Canadian Red Cross Society Fund, the Canadian Legion War Services Fund, the Canadian Y.M.C.A. War Service Fund, the Salvation Army Red Shield Fund and the Knights of Columbus Canadian Army Huts Fund, are given special consideration under the act. Gifts to any of these organizations are allowed as exemptions up to fifty per cent of the donor's income.

On donations to other charitable enterprises deductions are allowed up to ten per cent of income.

### STANDARD BRANDS DEMONSTRATING IN JOHNSTON'S STORE

Mrs. B. Goodner, Dietician of Calgary, will conduct a demonstration in Cake Making, Icing, and Decorating, in James Johnston's Store on Friday of this week, at 3:30 p.m. The demonstration is being sponsored by Standard Brands Limited, and all women in Bassano and district are cordially invited to attend.

During the demonstration, the cake being made will be drawn for, and one of the women present will

to speed up production by drawing more men into the army of workers. Many more will be needed. The war is not over yet.

### OLD-TIMER OF DISTRICT PASSES FOLLOWING ILLNESS

James B. Finlayson, 64 years of age, old-time miner of the Bassano district passed away at his home south of Bassano on Sunday morning last, following a short illness. Funeral services were conducted from the local Presbyterian Church at 2 p.m. on Monday afternoon, August 19th, Mr. Webb, Pastor of Calgary officiating at the ceremony.

Mr. Finlayson was born at Stonehouse, Scotland, in the year 1876. At an early age he became interested in the mining industry, and served for a number of years in Old Country Mines. He had been a resident in Alberta for the past 32 years, and located in the Bassano district 11 years ago, where he opened the White Ash Mine on the banks of the Bow River some four miles south of Bassano. He leaves to mourn his loss several sons and daughters in the district.

Pallbearers at the funeral were Mr. E. O. Teigland, Mr. Harry Pragnell, Mr. F. Pragnell, Mr. Aubrey Evans, Mr. Earl Varty and Mr. Wm. Mair, all of Bassano. Funeral services were under the direction of Dr. B. E. Barlow of Bassano, and interment was made in the Bassano Cemetery.

### FARMERS COMBINING IN DISTRICT: NO THRESHING AS YET

Farmers of the Bassano District are busy combining their 1940 crop these days, as cooler weather has visited the district to favour their work. It is reported that a large majority of the crops will be harvested by the combine this year, although several farmers intend to have their crops threshed. Cutting and stooking of grain fields to be threshed is reported to be nearing completion in the district. No threshing is reported as yet.

The grains being delivered to the two local elevators are said to be of an excellent grade so far, but yields cannot be determined at the present time. However, it is expected that the general average yield over the district will be somewhat larger than it has been for the past number of years.

The past two days have been cloudy, and light showers have fallen in parts of the district. However, these were not heavy enough to hinder harvesting operations.

### LOCAL SCHOOLS TO OPEN SEPTEMBER 3rd

Mr. Wallace Flanagan, Chairman of the local School Board, has announced that local public and high schools will open on Tuesday, September 3rd, for the fall term. This news will be welcomed by all scholars of the district, who are now tiring of the two months holiday and report themselves as anxious to get back into the school text in search of more knowledge.

Teachers in the local school for the coming term will be as follows: High School, Principal—Mr. S. Meeres.

High School, Assistant Principal—Miss Brown.  
Grades 7, 8 and 9—Mr. Mowat.  
Grades 5 and 6—Miss W. Playfair.  
Grades 3 and 4—Miss C. Murdock.  
Grades 1 and 2—Miss P. Plumer.

be the lucky winner. A second cake will also be drawn for on Saturday afternoon in this Store.

At 10:30 a.m. this morning, a class of approximately a dozen local girls were given instructions on cake making by Mrs. Goodner. It is understood that the class and lessons taught were very interesting and instructive.

## Suggestions For The Temporary Storage of Grain

This Advertisement is not inserted by the Alberta Liquor Control Board or by the Government of the Province of Alberta.

The most important factor in storing grain in its dryness. If grain is damp or immature, trouble is very likely to occur.

Combined grain should be ripe and must not contain more than 14.7 per cent moisture. If in doubt about its moisture content, have a sample tested at the nearest elevator. Crops to be cut and threshed should be mature and dry before going into storage. Wheat is ready to cut when the kernel is firm when pressed with the thumb nail and when the color has changed from green to amber. Threshing should be done when the kernels are dry and hard. By following these simple precautions much storage trouble will be avoided.

Temporary storage bins should be constructed on high ground where good drainage is present and where the ground is level. The floor may be left as bare ground or covered with boards, sheaves or straw. The following bins will be found satisfactory:

1. Hog-wire bin. Cut a 50 foot strip of hog wire fencing from a roll and place it in a circle, splicing the ends together securely. This fence is then placed on the floor already prepared. The fence is lined with building paper, tarpaper, fibreen, sheaves, sacking, old binder canvas or other material which will hold the grain. The grain may be threshed directly into this bin, but care must be taken to adjust the spout so that the pile of grain builds in the centre, otherwise the wire will upset. When leveling off the grain, keep the height even all the way around the bin.

Hog wire 80 inches wide may be used, but with narrower wire two or even three layers may be built. The second circle should be at least one foot within the lower one, and is placed in position when butts down and fold part of the butt inward onto the floor. The

bands may be cut and the sheaf extended. They are held in place by shoving grain against them. When the first row of sheaves is half covered, place another row around, over lapping butts on heads about one foot.

Paper should be used in 10 foot sections, over lapping the ends about two feet to allow for settling. Fibreen is water-proof and very strong. It is excellent for lining bins.

When the bin is full, cover with straw, paper or any material which will protect the grain.

2. Snow fence bin. This a modification of the Hog Wire bin. It is built in the same way. The circle of snow fence must be reinforced with several bands of no. 9 wire around the outside to withstand the pressure of the grain.

Another method is to make a fence with 1X2" boards and wire and line them with paper. Heavy wire, with some arrangement for tightening it should be used. Metal sheets may also be employed inside several strands of wire. This is more costly but is very durable.

On farms where storage must be provided, the possibility of using old houses, barns or other buildings should not be overlooked. Such storehouses should be inspected for any weakness as the collapse of a floor or wall during the winter may entail serious loss. A few braces or wires stretched from wall to wall may supply the reinforcement needed.

### DONATIONS TOTAL \$5,000 ONE WEEK

Free-will contributions to Canada's war effort during the past week amount to about five thousand dollars according to figures made known by the Department of Finance.

By far the greater part of this amount is made up of donations, small and large, from individuals motivated by a desire to help the war effort, outside of contributions made through regular channels of taxation.

Numerous donations came from the United States. An American sends in five dollars to help refugee children with comment: "Trusting that the British Empire will soon conquer Germany and that the children will be able to return to their homeland."

"Being Canadian born, though living in U.S., I find it my duty to make this contribution," says a nurse. The contribution: \$100.

An American citizen who enjoyed a pleasure trip through the Canadian West last year sends along \$100 as part of the money he would have spent had he been able to return to Canada for a vacation this year.

From Nova Scotia comes the widow's mite in the words of the lady who sent along the donation: "As you know my salary is not large. I am a widow. I would like to give more, but really can't see my way clear to do it — (the widow's mite)."

### HOSPITAL SUPPLIES BOUGHT HERE

Hospital supplies for Canadian troops overseas are now being purchased in Canada. Formerly the medical and dental supplies for Canadian troops in England and elsewhere overseas were purchased in the United Kingdom, but with the expansion of the British Army and increased demand abroad, it has been decided that medical supplies for Canadian forces will be supplied from Canadian sources.

### FRENCH INTERESTS PLACED UNDER CUSTODY

All property, rights and interests in Canada of persons residing in French territories and colonies have been placed under the protective custody of the Custodian of Enemy Property by Order-in-Council, so that they may not fall under control of the enemy.

## COUNTESS

Mr. and Mrs. Hegg of Okotoks are visiting at Thompsons.

Mrs. George McIntosh and Peggy are visiting relatives Delbourne.

Mr. and Mrs. Wagner has been visiting at Deans.

Mr. and Mrs. Wm. Ferraby were guests at Gambles on Sunday.

Mr. and Mrs. Al Cador and Joan of Bassano, spent Sunday visiting Cadors at Countess.

Mr. and Mrs. H. P. Ferguson and Fern were visitors at the Pollock home on Sunday afternoon.

### FRENCH SHIPS HERE ARE REQUISITIONED

Nine French ships in the Canadian ports of Sydney, Halifax, Montreal and Vancouver have been requisitioned by Canada under the Defence of Canada Regulations. Authority to dispose of these ships and their cargoes and any other ships that may be later requisitioned was granted by Order-in-Council.

### SUSPEND OATH FOR ALIEN RECRUITS

Candidates for enlistment in Canada's armed forces who are citizens of a foreign country are not required to take the Oath of Allegiance provided for in the King's Regulations, if by so doing their citizenship in their own country is forfeited.

### BEWARE OF BAD CANADIANS

"Beware, my friends, of those who drop Nazi or Fascist ideas into your ears, and particularly of those bad Canadians who dare argue, who dare pretend that the general mobilization for the defence of our country is not a measure of extreme emergency. One could think that those people who evidently do not love their country are better informed about the intentions of Germany and Italy than about the real interests of Canada and even the United States."—Right Honourable Ernest Lapointe.

### LESS TRAVEL MEANS MORE PLANES

It is estimated that about 75 million dollars or more will be diverted to important uses by present restrictions on pleasure travel by Canadians in the United States. Translated into terms of the number of planes, guns, tanks, etc., which can be purchased with that amount, the connection between restriction on pleasure travel and Canada's War effort is apparent.

### I. O. D. E. Gives Bomber to Air Force

A new Bristol Bolingbroke twin-engined bomber, a \$100,000 gift of the Imperial Order Daughters of the Empire, was presented to the Royal Canadian Air Force recently. His Excellency the Earl of Athlone, Governor General of Canada, and Princess Alice were present at the Ottawa Air Station for the Presentation. The ship, built in Montreal carries a crew of three, pilot, observer and gunner, and has a top speed of 295 miles per hour when fully loaded.

## Alberta Independents Are Heartily In Accord With Bracken Recommendations

Speaking in behalf of the Independent members of the Legislative, Mayor Andrew Davison, M.L.A., Chairman of the Provincial Executive which is handling the affairs of that group until a permanent leader is appointed, issued the following statement on Tuesday concerning the plight of Alberta farmers owing to loss of market due to the war and the government restrictions concerning the sale of their grain.

"The Independents are heartily in accord with the recommendations made by the conference called by Premier John Bracken of Manitoba, as reported in the press, following the meeting in Winnipeg a few days ago.

"They are of the opinion that the

farmers of Western Canada are facing a situation of the most serious kind. They believe the suggested solution of this problem as announced from Ottawa does not go far enough and that the proposal of the Federal authorities to make an initial payment on the basis of five bushels per acre for wheat and coarse grains is not adequate, and is insufficient to pay harvesting and threshing costs.

"In addition, money will also be required to assist the farmers in meeting other pressing obligations until such time as they can secure funds from the sale of their crops.

"Business men throughout the west are naturally worried as well. They cannot be expected to carry most of the load by way of additional credits without some assurance that money will be forthcoming to liquidate at least a portion of these debts.

"The Independents are convinced that the Federal authorities should see to it that the farmers are given a square deal. They believe that farmers should be just as secure in the production of essential foods as are the manufacturers, insofar as the latter's products are concerned. They are of the opinion that sufficient money should be made available by way of loans pending the final disposal of all grains now in storage and the 1940 crop as well, in order to enable our agriculturalists to meet their more pressing obligations, including harvesting costs.

"With our country at war, the Federal authorities have wide powers under defence regulations and these powers should be exercised to the fullest possible degree to assist our agriculturalists during these trying times.

"As elected representatives of the people, Alberta Independent members are of the opinion that while the major responsibility of solving this problem naturally rests with the Dominion authorities, this does not relieve our Legislature of doing its duty in the present crisis. They are firmly convinced the Alberta Government should immediately signify its willingness to implement any action the Dominion cabinet may decide to take to carry out the recommendations of the Bracken conference or other policies equally as efficacious.

"They are prepared to support the Provincial administration in any policy of co-operation with the Federal authorities and believe no time should be lost in stating definitely just what contribution our Province is prepared to make in order to save our farmers from bankruptcy.

"Furthermore, the Independents are of the opinion that, if necessary a special session of the Legislature should be called to consider this grave question. Merely giving voice to pious expressions of sympathy is not good enough. The situation demands immediate action and the Independents are prepared to assume their share of the responsibility in an endeavor to find a solution of this problem, if only given an opportunity."

### PENCHANTS DECIDE AIR FORCE VOCATIONS

No man entering the R. C. A. F. knows what he will become. Special qualifications may indicate that he is best fitted to be a pilot, a wireless operator or any of the varied specialties of a modern air force, but the Forces makes the decision. As a recruit progresses from the Manning Depot along through the initial training school and other phases of training, officer-instructors note his talents and decides for which particular job he is best adapted.

### GAME REGULATIONS 1940

The National Parks Service of the Department of Mines and Resources, Ottawa, has just issued the Regulations regarding Migratory Birds for the current year.

A summary of the Regulations as they apply to Alberta follows:

#### OPEN SEASON

—Both Dates Inclusive—

Ducks, Geese, Rails, Coots and Wilson's or Jack-snipe.

In that part of Alberta lying to the south of Athabasca and Clearwater Rivers, and to the north of the centre of the track of the main line of the Canadian Pacific Railway through Duthill, Calgary, Strathmore, Medicine Hat and Walsh: From one-half hour before sunrise September 14 to one-half hour after sunset November 13.

In that part of Alberta lying south of the centre of the track of the main line of the Canadian Pacific Railway through Duthill, Calgary, Strathmore, Medicine Hat and Walsh: From one-half hour before sunrise October 1 to one-half hour after sunset November 30th.

There is a closed season throughout the year on Elder Ducks, Wood Ducks, Swans, Cranes, Curlew, Willets, Godwits, Upland Yellow-legs, Avocets, Dowitchers, Knots, Oyster catchers, Phalaropes, Stilts, Surf-birds, Turnstones and all the shore birds not provided with an open season in above schedule.

The taking of the nests or eggs of migratory game, migratory insectivorous and migratory non-game birds is prohibited.

The killing, hunting, capturing, taking or molesting of migratory insectivorous and migratory non-game birds, their nests or eggs is prohibited.

The possession of migratory game birds killed during the open season is allowed in Alberta until March 31 following open season.

#### BAG LIMITS

Ducks 12 in any day, Geese 5 in any day, Coots and Rails 25 in any day, Wilson's or Jack Snipe 25 in any day, and not more than 100 Ducks or more than 25 Geese or more than 100 Rails and Coots in the aggregate in one season.

No one shall have in his possession at any time more than 36 ducks.

#### GUNS, APPLIANCES AND HUNTING METHODS

The use of automatic (auto-loading) guns or swivel or machine guns, or battery or rifle, or shot gun loaded with a single bullet, or any gun larger than number 10 gauge is prohibited, and the use of any aeroplane, power-boat, sail boat, live birds as decoys, night light, and shooting from any vehicle drawn by a draught animal or from a motor vehicle is forbidden. The hunting of migratory game birds on areas baited with grain or other artificial food is prohibited.

The shooting of migratory game birds earlier than one-half hour before sunrise or later than one-half after sunset is prohibited.

The penalty for violation of the migratory bird laws is a fine of not more than three hundred dollars

## WEDDINGS

## LEWENDON-CLIFGARD

A quiet wedding was solemnized in Bassano at 1 p.m. on Monday afternoon of this week, when Miss June Clifgard, daughter of Mr. and Mrs. A. A. Clifgard of Arrowwood, Alberta, became the bride of Mr. Edgar Lewendon, formerly of Arrowwood, eldest son of Mr. and Mrs. E. Lewendon of Cassils, Alberta. The ceremony was performed by Pastor E. E. Hartford of Bassano in the presence of Mr. and Mrs. F. T. Cary, also of Bassano, who stood with the couple.

## BANNICK-GIVENS

A quiet wedding was solemnized at the home of Pastor E. E. Hartford of Bassano, on Saturday evening of last week, when the eldest daughter of Mr. and Mrs. Milford Givens, of Pollockville, Alta., was united in marriage with Mr. Berts Bannick, son of Mr. and Mrs. E. Bannick of Hanna, Alta. The ceremony was performed by Mr. Hartford, in the presence of immediate relatives of the bride and groom.

## E.I.D. Notes

At the meeting of the Board of Trustees held on Tuesday, 20th, August, it was arranged that a copy of the minutes of each meeting of the Board of Trustees would be forwarded to each contact man. This will be available for inspection by any interested contract holder. It was felt that in this way full information as to the actions of the Board could be made available to any interested parties and that this means of enabling contract holders to keep in touch with District business would be more satisfactory than attempting to publish a summary of meetings in the newspapers.

At the meeting of the Board of Trustees on the 20th instant the situation in which the farmers are placed with respect to obtaining sufficient cash to take care of threshing and harvesting operations was fully discussed and it was resolved that owing to the present difficult situation the E. I. D. will not enforce its claim for water rates against the first ten bushels of wheat per acre delivered to the elevator, allowing the farmer to use the proceeds from the same for threshing and harvesting operations.

Every farmer is urged to apply as soon as possible for his Grain Shipping Permit. It is highly important that the authorities should know as soon as possible which shipping point each farmer is going to use. If farmers generally make their application quickly, it is possible that the wheat quota will be increased. The sooner you apply the better the chance of an increase in quota.

Permits can be obtained from any Elevator regardless of the shipping point chosen.

the date in mind. Ice Cream and Lemonade will be sold at the door, and admission to the dance has been set at 25c. Good Music will be supplied by a popular orchestra.

### BORN AT THE LOCAL HOSPITAL

To Mr. and Mrs. Gene Norton of Rosemary, a son on Tuesday, August 20th, 1940.

### ADDITIONAL LOCALS on PAGE 5

### IMPORTANT NOTICE

School teachers and high school students who will be called up for military training during September are urged to elect to take their military training during the first two weeks of the month, rather than the second two weeks, so as to avoid, so far as is possible under war conditions, undue disruption of the school year.

Candidates for admission to normal school are also urged to choose the first training period. They will thus make possible their attendance at Normal school from the opening day, September 16th.

This is the gist of an appeal issued by Dr. G. Fred McNally, Deputy Minister of Education, following the receipt of information from military authorities that trainees under the National Service regulations will have the privilege of choosing their own period of camp training. The first is from September 1st to September 15th; the second from September 16th to September 30th.

Dr. McNally advises, following requests, that:

1. High School students and Normal candidates should choose the first period. Only nine school days will be lost by the first named; none by the second named.

2. Teachers should arrange with local boards so as to avoid disruption. Where substitutes can be provided, or reorganization of staff is possible, the first two or the second, as circumstances warrant, may be found best. Where schools must be closed, the first two weeks should be chosen.

Clifford Johnson was a week-end visitor with friends in Blackie.

Miss Mary MacDonald of High River is visiting for a few days with Miss Shirley Holmes.

Mrs. Andrew Cathro is visiting for a short time with Mr. and Mrs. J. Bulmer of Hanna.

Mrs. M. Heatherenton of Vulcan is visiting for a short time with Mrs. Andy Hood of Bassano.

Miss Dorothy Lewis and Mrs. Jack Edwards were Brooks visitors last week-end.

Miss Carolyne Beeber of Calgary spent the past week-end visiting in Bassano.

Mrs. McKee and daughter Peggy were visitors to Medicine Hat last week.

Mr. and Mrs. Jimmie Johnson were Week-end visitors in Lethbridge.

Mr. and Mrs. W. E. Schaffer of Tudor were visitors with relatives in Bassano last week.

Mrs. H. W. Harper and Mrs. F. E. Gayford were week-end visitors in Calgary.

Dr. B. E. Barlow and Marion Haynes were business visitors in Calgary on Monday of this week.

Lee Nesbitt of Brooks was a Bassano visitor on Saturday evening of last week.

Mr. and Mrs. K. Barton of Calgary visited friends and relatives in Bassano last week. Mrs. Barton was formerly Miss B. Downs.

Mr. and Mrs. D. L. Downs and sons returned on Sunday afternoon from a two weeks holiday spent visiting relatives in Saskatchewan.

Russel and Schella Edwards of Majorville have been visiting their cousins, Mary and Jackie Edwards for a few days.

Mr. and Mrs. A. S. Currie returned to Bassano on Monday evening of this week from a short holiday spent in Calgary and Vancouver.

Mrs. Hogg and the Francis family of Hartell were visitors at the home of Mr. and Mrs. L. R. Edwards for a couple of days last week.

Mr. and Mrs. H. E. Riley and family moved to Brooks last week end, where Mr. Riley will make his new headquarters as agent for the Calgary Power Company.

Maurice Samm and Gordon Cory of Brooks spent a couple of days in Bassano this week writing supplementary examinations at the local school.

Mrs. MacFarland was a Calgary visitor over the week-end, returning on Sunday evening as far as Bassano with her husband, who has enlisted with the Active Service Forces, and who was transferred to an eastern point.
